

GENUINE POWER

Manufacturers of Battery packs & importers of
Rechargeable batteries of
>NiCd >NiMH >Li Ion >Lipo >LiFePO4 >LiSoCl2 >Lead Acid

TO WHOMSOEVER IT MAY CONCERN

We at Genuine power make various batteries for various applications including but not limited to Solar, Medical, Automotive, Defense, Industrial & Consumer applications, with a huge client database notably Israel Aerospace, DRDO, Mahindra, Hero, Tata, Reliance, Fiat, Bharat Forge, Bharat Electronics, BHEL and many more. We do not offer any types of Credit or Post payment in any forms so we would request you to kindly not ask for the same. We deal in 100% advance with all our suppliers and so with all our clients no exceptions whatsoever. For imports or long delivery Orders we have a fixed policy of 50% advance and 50% before delivery. Customers paying 50% advance and not collecting Delivery in the given stipulated time by Genuine Power we will hold the materials for a Maximum period of 6 months as the battery has a certain life after which it gets spoilt hence after which the advance given will be forfeited and materials will be liquidated.

We do comply with all the GST norms and pay all our taxes regularly hence please note invoice will only be made after we receive full amount with GST from customer and the date of invoice will be in the same period no Pre or post dated invoices will be made.
